Stephanie –

What I sent you yesterday was a clean version incorporating the changes you had requested to the TOC. I am attaching that version again. I will forward the CD once ORC gets a copy to me this morning.

Good morning Kathy and Laurel,

- 1) Please provide us a copy of the consent decree; and
- 2) You must use the edited copy that I originally sent to you for updating and correcting. We cannot start this process over again, especially since this document is over 700 pages. We need to be mindful of version control of documents. OFR will WITHDRAW this document if the electronic does not match the hardcopy.

I will have this ready to go to OFR today if you can resubmit your electronic file, in track changes, to me as soon as possible.

Thank you.

Stephanie Morris

Subject: CD Deadline for Wyoming Regional Haze SIP/FIP

Stephanie –

Our consent decree on this action reads “14. No later than ten business days following signature of the notice of any proposed or final rulemaking referenced above, EPA shall submit the notice for review and publication to the Office of the Federal Register. Following such delivery to the Office of the Federal Register, EPA shall not take any step to delay or otherwise interfere with publication of such notice in the Federal Register.”

I know they may have issues with our reg. text or something else and we have leeway to work with them on that as long as the notice gets submitted to them in the ten business days. Thanks
